## Denkmal ohne Grenzen. Deutschsprachige Texte vom Europäischen Denkmalschutzjahr 1975 zum Europäischen Kulturerbejahr 2018

Heritage without Borders. German-language Texts from the European Architectural Heritage Year 1975 to  
the European Year of Cultural Heritage 2018

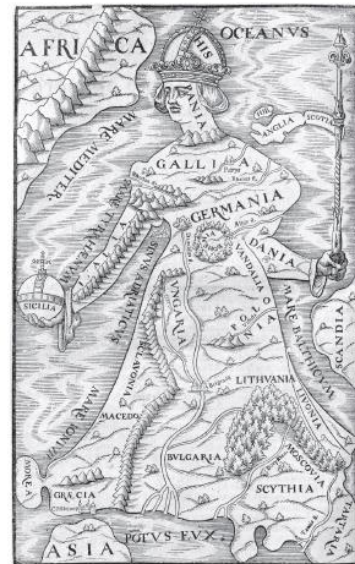

Patrimoine sans frontières. Textes en langue allemande de l'Année européenne du patrimoine architectural  
1975 à l'Année européenne du patrimoine culturel 2018

The present volume IV of the series MONUMENTA was created in the framework of the European Year of Cultural Heritage. The publication presents recent contributions to monument conservation from the German-language area and makes them accessible for the first time in English and French – two of the working languages of ICOMOS.

With this publication, a total of 16 representative German-language contributions to recent debates on monument conservation, which have contributed to the formation of principles of modern heritage conservation, are made internationally accessible. In this way, the European heritage dialogue and the facilitated international communication of German basic texts on monument protection and conservation are intensified.

As early as 2012 the ICOMOS national committees in Germany, Luxembourg, Austria and Switzerland established the MONUMENTA series. The aim is to promote academic exchange in matters of monument conservation for the German-speaking area and to make it internationally accessible.
